Mr. John Young
CRYPTOME
251 West 89th Street, Suite 6E
New York, New York 10024

Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) facsimiles of March 29, 2001 and April 16, 2001, for records regarding East Germany Intelligence Services, EEI-Targets, ZF400206W (FOIA #131F-05). This correspondence was received in this office on April 16, 2001 and May 7, 2001.
- b. Our letter of October 11, 2002, requesting payment for various dossiers.
- c. Our letter of December 13, 2005, acknowledging payment received.
- d. Our letter of December 21, 2005, informing you that additional time was needed to review the various records you requested and were unable to comply with the statutory 20-day time limit in processing your requests.
- e. Our letters of March 22, 2006, informing you we were still reviewing the records and would respond to you when our review has been completed.
- f. Our letter of September 5, 2006, informing you we are still reviewing the records you requested and will respond to you when our review has been completed.
- e. Our letter of January 8, 2007, informing you we were still reviewing the records and will respond to you upon completion of our review.

We have conducted checks of the automated Defense Central Index of Investigations and a search of the Investigative Records Repository to determine the existence of Army intelligence investigative records responsive to your request. As a result of these checks, we were able to locate records pertaining to the East Germany Intelligence Services, EEI-Targets (ZF400206W).

We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958, as amended. As a result of this review, information has been sanitized and fifteen pages are denied in their entirety, as the information is currently and properly classified SECRET and CONFIDENTIAL according to Sections 1.2 (a)(2), 1.2 (a)(3), 1.4(b), 1.4(c) and 1.4(d) of EO 12958, as amended. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b) (1). It is not possible to reasonably segregate meaningful portions of the withheld pages for release. On March 9, 1999, the President exempted the files series in which these records are maintained from the automatic declassification provisions of EO 12958, as amended, Section 3.4, pertaining to classified records more than 25 years old. The records are partially releasable and are enclosed for your use. A brief explanation of the applicable sections follows:

Section 1.2 (a) (2) of EO 12958, as amended, provides that information shall be classified SECRET if its unauthorized disclosure reasonably could be expected to cause serious damage to the national security.

Section 1.2 (a) (3) of EO 12958, as amended, provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 1.4 (b) of EO 12958, as amended, provides that information pertaining to foreign government information shall be considered for classification protection.

Section 1.4 (c) of EO 12958, as amended, provides that information pertaining to intelligence activities, intelligence sources or methods, and cryptologic information shall be considered for classification protection.

Section 1.4 (d) of EO 12958, as amended, provides that information pertaining to foreign relations or foreign activities of the United States, including confidential sources shall be considered for classification protection.

Since the release of the information deleted from these records would result in an unwarranted invasion of the privacy rights of the individuals concerned, the information is exempt from public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(6).

The withholding of the information described above is a partial denial of your request. This denial is made on behalf of Major General John Defreitas, III, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this decision to the Secretary of the Army. If you wish to file an appeal, you should forward it to this office. Your appeal must be postmarked no later than 60 calendar days from the date of this

letter. After the 60-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts.

In addition, during the processing of your request, records were disclosed which are under the purview of another government agency. This office has no authority to release these records to you; therefore, the records are being referred, along with your request, and this letter, for appropriate action under FOIA, and direct response to you.

We are coordinating with other government agencies concerning the releasability of their information contained in the records. We will inform you as to the releasability of the information upon completion of our coordination.

We are continuing to review records regarding other titles you have requested and will respond to you by separate correspondence when our review is complete.

Fees for processing this request are waived.

If you have any questions concerning this action, please feel free to contact this office at (301) 677-2308. Refer to case #131F-06.

Sincerely,

A handwritten signature in black ink, reading "Susan J. Butterfield". The signature is written in a cursive, flowing style.

1. Shortly Federal Minister of Interior GENSCHER will inform the parliament on the most common recruitment methods and major operations of East-German intelligence agents during the past year. At the same time GENSCHER will call on the public to turn themselves in to the security offices.

b1

During the previous year, 78,2 per cent of the 21,000 recruitment were by agents of East-German Intelligence Services. Only 10% of the approaching individuals agreed to work for the agent. Espionage was directed mostly against targets in North-Rhine-Westphalia (20% of agents), Bavaria (14%), West-Germany (10%) and Hamburg (12%).

2. ~~(S)~~ Economical and industrial installations in the Federal Republic are the main target of Eastern espionage organizations. A report received from the b1 indicates that 133 espionage missions were targeted against different branches of industry during the past year, for example 31 missions against the electrical industry, 29 missions were directed against industrial research installations, 12 against the armament industry and 10 against the chemical industry. The East-German Intelligence Service alone had 118 known missions. Espionage missions were also directed against the Federal Patent Office. According to the report, in the Soviet Union the "States Committee for Science and Technic" and in East-Germany the "Technical-Scientific Working Group" are responsible for obtaining and analysing technical information.

15. SUMMARY:

(U) This report concerns Essential Elements of Information (EEI) levied by East German Intelligence Service (EGIS) on a collection agent operating in an area in the Federal Republic of Germany where there is a large concentration of US troops. EGIS expressed an interest in the following items:

(Leave Blank)

a.

b1

b. Obtain a US Army M16 rifle, with grenade-launching device. If not possible, then obtain the US Army Technical Manual (TM) pertaining to the rifle.

c. Obtain a new, US Army receiver/transmitter which is built into an Army helmet. If not possible, obtain the TM pertaining to the item.

EVALUATION REPORTS (DD 1480'S) PREPARED ON THIS IR WILL BE CLASSIFIED AT LEAST **CONFIDENTIAL**.

(U) COMMENT: EEI regarding the M16 rifle and the helmet-mounted receiver/transmitter have been levied on other EGIS Sources over the past 3-4 months.

He was asked what FRG citizens called b1 this b1 feels was done so he would incriminate himself by making a derogatory remark about the Communist Party Chairman of the SZOG. Subject was in a cell with the dimensions of 2 by 5 meters, containing 3 beds, 1 table, 1 toilet, and 1 cold water basin. His cellmates were East Germans who were sentenced there generally for criminal assault or manslaughter. In his stay there until b1 there was a steady turn-over in cell mates. Subject had to stay all the time in his cell and was permitted 1 (one) hour walking exercise a day in the prison yard. At these walks he determined the prison was apparently next to the court house. 8. ☒ b1 was taken with fellow departing FRG citizen prisoners to the prison in b1 via a boarded-up freight train where they could not look out. Subject estimates that there are 2,000 prisoners in this prison which he thinks is mainly for "Arbeitserziehung" (Work Correction for persons not willing to work or failing to produce up to minimum standards). As far as subject could determine there are no political prisoners b1

9. ☒

b1

COMMENT: ☒ b1 was very co-operative and friendly to the preparer of this report when interviewed by him. The preparer tried to get an appointment with subject 6 (six) times since the 20th of June 69 without success until 11 Jul 69 because subject's pre-occupation with his past fiancé. Subject's story on how he got into the SZOG is very implausible and neighbors indicated to the preparer that b1 did not want to get married at the time but a wedding day had already been scheduled. He was scared of marriage and probably ran away under heavy intoxication. b1

b1

b1 constantly stated that he did not give any information, other personal, to SZOG officials but seems quite questionable and subject may be withholding information in fear of possible treason by the FhG. b1 is continuing in his previous employment and is planning marriage to his past fiancé in b1

3. ☐ Miscellaneous Intelligence Activities

a. Coding of Messages

The deputy chief of the EG Trade Mission in BOMBAY, was responsible for security. He operates a coding room, which is off limits to all mission employees, except for the mission chief, and the wife of Source heard that acts as coding clerk of the mission. No information of types of codes and decoding systems used. Source did not observe a radio transmitter or receiver at the Bombay office. The office operates a teletype on Indian civilian postal lines #245051 and/or 245052. The telephone number of the Bombay trade mission is 42539. The coded messages are supposedly transmitted by teletype from BOMBAY to the Main Mission Office at NEW DELHI. The Bombay office also has a direct communication via teletype with the MIA, BERLIN.

The mailing address of the Bombay trade mission and all its personnel is GPOB 1926 - Trade Representation of the German Democratic Republic, Branch Office of BOMBAY. Personnel are not authorized to use any private address, and all mail to them has to be addressed to above office address, from where it is passed out by the mission security officer.

b. Contact to Indian Communists

70

The Main Office of the EG Trade Mission to India in NEW DELHI had founded an Indian-East German Friendship Association in NEW DELHI in summer 1962. This foundation was promoted and supported by a leading Indian Communist, (fnu), who is also the manager of two Indian trade firms: "The Nava Bharat Enterprise, NEW DELHI", and the "East Coast Tobacco Company, GUNTUR". Sub-units of this association were planned to be opened in MADRAS, BOMBAY and CALCUTTA on 7 Oct 62, but the Indo-Chinese military conflict caused the cancellation of such plans.

4. REPORT OF FINDINGS

On 28 April 1960, Informant A-7-E, an official of Agency "B", who has furnished reliable information in the past, reported the following:

An East German Intelligence Service (EGIS) Agent who has been "doubled" by Agency "B" is b1

b1 During one of his trips to East Germany he was approached by a member of the EGIS and this, upon his return to France, he reported to Agency "B", which began "doubling" operations. The information requested by the EGIS covers many fields, appearing to be a test to determine the type of information the Agent is best qualified to obtain. The EGIS has never given the Agent any instructions on how to obtain the requested information. He is simply told to do his best and report his method of operation to his handling agent. This appears to be a standard EGIS procedure. Agency "B" is currently manipulating several double agent operations of this type, feeding the type of information which can best be controlled by Agency "B". None of the Agents are employed by the US Forces.

3. As of 16 September 1957, seventy-five recipients had contacted Region VIII concerning the Kialadungen. Each query was given a discreet and amicable reply along the following points:

a. The Kialadung is East-sponsored and is false.

b. Receipt of such an Kialadung in all probability does not indicate specific hostile interest in the recipient. While an unusually large number of politically prominent individuals have received Kialadungen, a sufficient number have been sent throughout West BERLIN to indicate an indiscriminate selection of names from old telephone and address books.

c. Each recipient is requested to leave his name, address and the Kialadung with Region VIII.

SUMMARY OF INFORMATION

1. Regarding US. II Generation/USARMCa. Military

Source was given the mission by the b1 MFS of learning "everything he could" about US Order of Battle, Organization and Administration, Manpower, Equipment, and Training in West Germany. Source was to take no notes, but was to retain everything by memory. He was to try to obtain access to American installations by any pretext in order to observe anything relative to American troop disposition.

b. Intelligence Agencies

CIC - Source was instructed to station himself near b1 in order to determine all of the inhabitants of the house, the size and description of the building, the location of the building and its immediate surroundings, and, if possible, the identity of neighboring inhabitants. Source was to retain all of the above information by memory.

b1

2. Regarding West German Federal Republica. Military

Source was instructed to obtain entrance to the b1 where the b1 are located. There, Source was to observe Order of Battle, Organization and Administration, Manpower, Weapons, Equipment, Fortifications, and Training.

b. Political

Source was instructed to get in contact with b1

Source was to try to determine where meetings were held, when, the leaders, and the subjects discussed by both groups.

b1

b1

3. Other

Source was instructed to travel to b1 and there to learn the identity of all the inhabitants of b1. He was also supposed to observe the size, description, and location of the building.

4. Remarks

In all of the above, Source was given no special training nor were names of persons mentioned to him which would aid him in observing the above. It was Source's opinion that he was on a trial mission since the above desired information was probably known to the MFS. No further information is available.

c. For each of the factories, SOURCE was to keep a list of all key personnel, both technical and administrative. Of these people, he was to know their contacts, special training, characteristics, political opinions, and length of service. The list of key people was drawn up by SOURCE's section chief. The information of these people was to come not only from the personnel manager of each factory but also from trade union and party officials. SOURCE was also to have a list of all personnel in each factory, along with their description, party affiliations, military service record, club and party record for before 1933, between 1933 and 1945 and since 1945, and their efficiency rating. From both these lists of people, SOURCE was to draw a list of likely informants. But like informants were approached, at that time, by party officials and not by an agent such as SOURCE.

SUMMARY OF INFORMATION

1. Targets of b1
during the years of 1950 until August 1952, believed to be still the same, were as follows:

a. Department III conducted espionage, counter espionage, and sabotage investigations in the three Kali (potash) production plants, the metal factory at IMMELBORN (NB9028), and the "Astovelo" ball bearing factory at BAD LIEBENSTEIN (NB9530). The responsible agent maintained informants and had a room containing a steel safe at each factory, and also had the use of several other rooms for interviews and meetings, located near the personnel offices and made to appear to be used by the personnel director. The factory manager provided the agent with transportation. The agent was authorized to check all documents, personnel files, production plans, and other papers, but was not allowed in any way to interfere with factory production.

b. Department IV was particularly interested in discovering persons who might have contact to Western intelligence agencies. The main targets were the restaurants in BAD SALZUNGEN, BAD LIEBENSTEIN, and in the small border town of VACHA (NB7231).

c. Department IV supervised all large meetings on national or international levels, particularly in the fields of sports, games, party meetings, and cultural conferences.

d. Department IV was responsible for surveillance of civil service officials and key factory personnel, to insure that they had no Western contacts, and did not flee with classified material. This mission was not directly performed by Department IV, but by Department VIII under supervision of Department IV.

e. Department V was interested in political groups, religious organizations, particularly the Catholic church, and refugee groups originating from beyond the Oder/Neisse border.

f. Department VI surveilled members of the civil service, SED officials, justice department officials, and members of the "mass organizations".

g. Department VII investigated affairs concerning political affairs pertaining to personnel of the VP (Volkspolizei - People's Police) and KVP (Kasernierte Volkspolizei - Garrisoned People's Police), and Border Police.

1. Reference is made to letter, your Headquarters, subject as above, dated 18 November 1955.

2. Following is a more detailed report concerning the alleged

b1

a. b1 Department XIII, SFS b1 ascertained from the local VPKA (Volks Polizei Kreis Amt--Peoples' Police County Headquarters) that a Residents Registration Permit was issued to a German national from FRANKFURT who intended to visit either a relative or friend who is employed by the b1. Upon his arrival in b1 the German national, name and identifying data unknown, hereafter called b1 was briefly interviewed at the VPKA, and a report was immediately submitted to Department XIII, SFS b1 who was

b1 returned to b1 by train and was picked up by automobile near the Railroad Station and escorted to the largest hotel in the vicinity which is located near the railroad station.

b1 was assigned a room where he was questioned the entire night by

informed them that his Section Chief at b1 was aware of his visit to b1 brought his identification or employment card from b1

b1 either blue or yellow, with his picture attached. The card was photographed and a small section cut out of the side for future analysis.

b1 drew a sketch of b1 which indicated the civilian and military sections, entrances-exits, buildings, traffic control towers, hangars, repair shops, planes, etc. and also submitted the names of approximately 15 employees at b1 including background information, where they worked on the base, political beliefs, habits, whether they drink, like women, etc. b1 divulged that a certain b6 who is employed at the airbase, allegedly works for GIC. Also that an ex-German jet pilot who resides in the vicinity but is not employed by b1 trained American jet pilots in the United States from 1945 until 1947. b1 is allegedly very friendly with the ex-jet pilot's wife. b1 questioned him concerning his preferences for a cover name, and he selected the cover name b1 b1 cautioned b1 to follow instructions explicitly and to remove nothing from the airbase which might prove compromising.

b1 was ordered to make no attempts at recruitment, photographing the base, and to associate no more than normally with women and not to drink. He was ordered to observe and carry the information in his head. b1 was also forced to read a book of instructions concerning his future behavior several times and sign a statement that he thoroughly understood and would comply with the rules. Before he departed, b1 was instructed to bring additional names of Airbase employees, more comprehensive information concerning names previously submitted, and at the next meeting, to be able to clarify certain vague points in his sketch of the airbase. b1 remained in b1 the night of the interrogation and the following day before he departed for

b1 wrote a report indicating his opinion of b1 maintaining that b1 could be trusted because of the information he had already submitted to the SFA. b1 received approximately 100.-DM East and at least 400.-DM West. b1 and Department XIII were relieved from the case, leaving b1 and Department II, SFS b1 in complete control.

* 2. b1 returned to b1 by train and was met by b1 who escorted him to the same hotel where he had previously stayed. b1 was questioned the entire night concerning b1 American and Labor Service guard personnel who had access to guard quarters, supply dumps, etc. b1 also brought a stolen pass (description unknown to Source), permitting entry to the airbase. The pass was photographed and a small portion cut off the side for subsequent analysis of the paper. b1 returned the pass to b1 also brought a book which contained either the letters b1 or b1 which he had stolen from b1 b1 said the book could be purchased by anyone at the airbase for approximately 60.-DM West. The book was not returned to b1 b1 informed b1 that he had become acquainted with an old engineer-surveyor who is employed in the Technical Department of b1 and who might be of subsequent use to the SFS. The old man, name unknown to Source, born 1895-1900, resides with his family in b1 and is the oldest employee of the Technical Department. The old man has either worked or had access to b1 since its inception. b1 cultivated the old man's friendship in February and March 1955 and induced him to mimeograph 100 leaflets at the Technical Department which were to be given out at a celebration of some of the employees, including b1 at the airbase. b1 gave the old man 25.-DM West and obtained a receipt because he claimed the money had to be paid by the employee committee. Shortly thereafter b1 visited the engineer-surveyor in the Technical Department and ascertained that he was producing blueprints of a new construction project at the airbase. The old man informed b1 that he had been instructed to produce 60 copies of the new plans. b1 requested that he produce an extra copy and although the engineer-surveyor did not refuse, he did not comply with the request. b1 instructed b1 not to pressure the old man but to wait until he offered him a copy of the plans. b1 remained in b1 approximately two days and then returned to b1 His supervisor at b1 was aware of his visit to b1

4. Source has no knowledge of a fourth meeting between b1 and the SFS, but believes that b1 either returned to b1 or was met by a courier in b1 Source doubts that the SFS and the MVD advisors would permit b1 to make more than four trips to the GDR. b1 always notified the SFS of his subsequent arrival in b1 by writing to a cover mail drop, unknown to Source, in b1 The SFS and the MVD advisors were very interested in the old engineer-surveyor at b1 (F-6)

[b1] Between [b1] and [b1]
[b1] born [b6] presently residing in [b6]
[b6] was interviewed and furnished substantially
the following:

[b1] was instructed by [b1] born
about 1923 in the GDR (exact location unknown), presently residing at
[b6] to do the following:

[b1] knew that [b1] was
planning to visit [b1] born [b6] living in
[b6] mentioned [b6] about coming
into contact with American intelligence agencies in [b6] and, without giving
the exact addresses, mentioned CIC and MIC. [b6] was advised to be care-
ful about what she did and said in [b6] and particularly in the Labor Office
(Arbeitsamt), since the CIC had "its people" all over. [b6] was also
asked to notice the times of arrival and departure of trains and busses in
[b6] but was explicitly told not to get a time table of either. [b6] in-
quired whether [b6] knew the city of BDF, and when she replied in the
negative, he explained where [b6] lived and even told [b6] which
side of the street he lived on. By way of explanation for this knowledge,
[b6] added that he knew [b6] very well and came to [b6] often. In conclusion,
[b6] did not give [b6] any mission to fulfill in [b6] but said that he
wanted to talk to her when she returned to [b6] about what she had seen
and done. He asked her to prepare a written report of her activities be-
fore he talked with her. [b6] pointed out that if she cooperated, he could
arrange it that she and [b6] could cross the border at will.

SUMMARY OF INFORMATION

1. The following information concerns one type of information collecting activity of the Sfs in DRESDEN:

a. From b6 a delegation of four (4) people from HAMBURG visited various Konsum (consumer cooperative) installations and other points of interest in DRESDEN upon the invitation of the KGV (Konsumentenvereinsverband - consumer cooperative association) in DRESDEN:

(1) Members of the delegation were:

STROBEL, Emil, born 20 December 1895, a pensioner,

b6

b. During the course of their visit, the members of the delegation were questioned about their occupations, political opinions, previous visits to the GDR, and sympathy for the GDR. All replies were noted and a report (See Exhibit "I") submitted through Konsum channels, to the SED and Sfs, for use in planning their future activities. The Sfs utilizes the collected personality information for potential recruitment purposes.

2. On 15 June 1955 an examination of the files maintained by Region VIII 66th CIC Group, APO 742 revealed the following:

a. An SOI, Subject: Sfs Information Collection Activities, SCHWERIN, File D-329158, VIII-16540.14, dated 10 June 1955 indicates that the Sfs in SCHWERIN (in paragraph 1f) cooperates with the District Council in arranging for visits of delegations from the Federal Republic of Germany to the GDR for apparently innocuous reasons. These delegations are guided by responsible SED personnel, and observed by sources of the Sfs. When reciprocal delegations are sent to West Germany, one or possibly two members of the delegation are sources of the Sfs. They utilize this opportunity to obtain information of interest to the Sfs on personalities, installations, etc, reporting upon their return to the GDR.

KGV (consumers' association) - Kreis Dresden
- dept. organisation -

Dresden, 15 Apr 55
V/Due.

Report concerning the visit of a West German delegation:

Duration of stay: from [b6]

1.) Strength of the delegation:

Altogether 8 persons (4 of them were taken by car by the KGV
FREITAL)

Permanent address of the guests: HAMBURG

Members of the delegation:

STROBEL, Emil, born 20 December 1895, retired - draws a pension

[b6]

2.) Short characteristics:

Emil STROBEL judged objectively and appeared very interesting. He had long discussions with our workers.

The housewife [b6] has three children and is divorced. She draws compensation. She works as a housemaid to cover her expenses. She reacted very naturally towards our GDR.

The housewife [b6] has one child. Her husband [b6]
[b6] She is a member of the Communist party. Her husband is

[b6]
[b6] Her discussions with GDR workers were very positive. The employee [b6] works as [b6]
[b6] Her husband has the same job. She was eager to take back many impressions of the GDR.

3.) Have they been in the GDR earlier:

[b6] and [b6] were in BERLIN in 1954 to visit some acquaintances.

~~CONFIDENTIAL~~

281

4.) out their social and party - political situation:

As mentioned under 2.), the delegation consisted of one pensioner, two housewives, and one employee.

b6 is a member of the KPD, the other three have no party affiliations.

5.) What functions do they hold, and what organizational membership do they have?

They are not members of a Cooperative (Genossenschaft), but they do their shopping at a GEC (Western Consumers' Association).

6.) Can they be counted on for a joint fight?

All four friends favor a joint fight for the unity of Germany. This was proven by the housewife Frau b6 who became a member of the KPD upon her return. (She mentioned this on a card which she had sent). They were encouraged by realizing that GDR methods are the right ones.

Analysis of the Discussion

1.) Attitude towards foreign associations:

Our guests did not talk about the possible existence of consumers' associations in the Soviet Union.

2.) What did they think about us?

Just one day before the departure of the delegation from HAMBURG to DRESDEN, it still was not decided who would be willing to make a trip to the so-called "Russian Zone". Influenced by newspaper articles which appeared in the HAMBURG papers, they thought they were going to a part of Germany from which there is no return. The chief of the delegation, b6 who was sponsored by the b6 and who has been in the GDR before, has a daughter who participated in a children's vacation camp in RADEBURG in 1954 from which she returned to HAMBURG in good shape. He was able to convince all members of the delegation to take this trip. All eight (8) friends were impressed by the willingness and politeness of the workers in answering all questions. One wish could not be granted that of showing the delegation grim-looking, dirty and half starved people. They were surprised about that. The delegation was impressed by the crowded shops and restaurants and the quantity of goods which were offered for sale.

3.) What did they realize at first?

At first they realized that our republic is really a state of

~~CONFIDENTIAL~~

workers and farmers. They realized the truth about the right of voting for the laborers (Mitbestimmungsrecht). They found out that our laborers only want peace for a united Germany and they understood that the population together with the government will do everything to maintain peace. The will for peace was expressed by the new buildings, the social and cultural installations, the kindergartens, and homes for aged people in comparison to their home, where they build army barracks and don't care for the juveniles and aged people.

4.) What did they like best?

Pionierpalast "Walter Ulbricht", Feierabendheim "Clara Zetkin" (recreation facility), Hygiene-museum, the reconstructed of the students' home, the technical university on Grunauer Strasse in Altmarkt and the visit to the elementary and high school in RADEBURG.

5.) What couldn't they understand?

They couldn't comprehend why part of our people, according to the discussions, had the opinion that our friends from HAMBURG had come from the "Schlaraffenland" (wonderland where everything is in abundance), and they each led a life without worries. Their sincerity was obvious. They frankly appreciated the success of our state of farmers and laborers.

6.) Did they make critical remarks:

Their opinion was frank. They mentioned that the quality in textiles and shoes were better and cheaper in West Germany. They were amazed by the purchasing of our laborers, which can't be duplicated in West Germany. They further were impressed by the many visitors to the HO and private restaurants. They saw that everything which we had established belonged to us, and they no longer believed in the false information of press and radio. They also realized that it is not possible to fulfill everybody's wish. This could not be after the complete destruction of DRESDEN. They further expressed the opinion, that we in the GDR should be very happy to have enough work, and what's even more important, that everybody can work if he wants to.

7.) Opinion:

The four friends were very interested socially and saw the right way of our politics.

In general:

On 15 Mar 1955, 14.29 hrs, the delegation was greeted by VOGT, the chief of the delegation, at the East station in BERLIN.

3.) Waren sie schon in der DDR?

[b6] sowie [b6] waren 1954 bezeichnendweise bei Bekannten in Berlin.

4.) Soziale und parteipolitische Zusammensetzung:

Wie unter 2.) gesagt, handelt es sich um einen Rentner, zwei Hausfrauen, eine Verkältigte. (Arbeiter)

[b6] KPD, 3 gehören keiner Partei an. (Parteilos).

5.) In welchen Genossenschaften Mitglied und Funktionen?

Mitglied einer Genossenschaft sind sie nicht, doch tätigen sie ihre Einkäufe in der GMS.

6.) Kann man sie für den gemeinsamen Kampf gewinnen?

Alle 4 Freunde stehen für einen gemeinsamen Kampf für die Einheit Deutschlands. Dies wurde schon bewiesen, indem nach ihrer Rückkehr die Hausfrau [b6] Mitglied der Kommunistischen Partei wurde. (Dies wurde durch einen Kartengruß mitgeteilt.)

Sie haben bei uns viel Kraft geschöpft, indem sie feststellten, dass der Weg der DDR der richtige ist.

Auftrag der Kommission

1.) Einstellung zu ausländischen Genossenschaften:

Mit der Frage, ob es in der Sowjet-Union auch Konsum-Genossenschaften gibt, haben sich unsere Gäste noch nicht befasst.

2.) Was haben sie für Vorstellungen über uns?

Bis 1 Tag vor Beginn der Reise der Delegation von Hamburg nach Dresden stand noch die Frage offen, welche Freunde sich bereit erklärten, an in die sogenannte "Massenszene" zu fahren. Beeindruckt durch Zeitungsartikel, die in den hamburger Zeitungen erschienen waren, glaubte man, in einen Teil Deutschlands zu fahren, von dem es kein Wiederkommen gibt.

Der Leiter der Delegation, [b6] der vom [b6] [b6] betreut wurde und selbst schon in der DDR gewesen war und dessen Tochter in Radeburg 1954 am Kinderferienlager teilgenommen hat und gesund und munter nach Hamburg zurückkam, konnte alle Teilnehmer an der Delegation zur Mitfahrt bewegen. Vor allem waren alle 8 Freunde von der Bereitwilligkeit bei Auskünften seitens der Verkältigten in der DDR und deren Aufmerksamkeit und Höflichkeit angenehm beeindruckt.
